Q-CTRL Terms of Service

Updated: 30 October 2026

By accepting these terms of service you are entering into a binding agreement that applies to any use of the Q-CTRL's Quantum Functions. We have endeavored to make the terms simple and clear. You acknowledge that you have read and understood this agreement, and represent that you have the authority to accept these terms on behalf of any organization or person for whom you are using Q-CTRL's Quantum Functions.

1. Q-CTRL's Quantum Functions for IBM users
1.1 Restrictions on use
You agree that you shall not, and shall not authorize any third party to:

(a) use Q-CTRL's Quantum Functions or any part thereof for any commercial or for-profit purpose or any other purpose other than as permitted in this agreement;

(b) modify, adapt, decompile, disassemble, translate into another computer language, create derivative works of, or otherwise reverse engineer Q-CTRL's Quantum Functions, or disclose any trade secrets or any other intellectual property relating to Q-CTRL's Quantum Functions;

(c) use Q-CTRL's Quantum Functions results or output to create derivative products or use for the purposes of creating competitive products;

(d) license, sublicense, distribute, sell, lease, transfer, assign, trade, rent or publish Q-CTRL's Quantum Functions or any part thereof and/or copies thereof, to any third party;

(e) make copies of Q-CTRL's Quantum Functions;

(f) remove any copyright or other notices from Q-CTRL's Quantum

Functions; or (g) use, without its express permission, the name of Q-CTRL.
